Food Security: the shocking truth about the food industry ... Food Security: the shocking truth about the food industry(Chinese Edition) [(MEI) MA LI EN NEI SI TE ER (MarionNestle)] on Amazon.com. *FREE* shipping on qualifying. China and (world) food security | SIPRI Food security, which in the Chinese context is defined as national food (grain) self-sufficiency, has been a high priority ever since. Beyond a range of other supports, the government has set a red line of a minimum of 120 million hectares of arable land, and a grain self-sufficiency target of 95%, which it has maintained over the past two decades (albeit with some recent adjustments to the categories of "grain". China's Food Security Dilemma - World Policy China is notorious for pollution. This notoriety was underscored in a sobering report "previously classified as "state-secret" which confirmed the country's imminent food security issues. The report renders one-fifth of Chinese soil fallow, a consequence of exposure to heavy metal.

China: Food Security Depends on Risky Agriculture ... - TIME China is faced with a growing food security crisis China's food security relies on farmers tilling small plots of farmland only 0.65 hectares " and it's increasingly unsustainable China May Not Have Enough Arable Land to Feed Its People.
